

# Marco Canteri

---

## Curriculum Vitae

### Personal information

Birth 29.06.1995  
Nationality Italian

### Education

2014–2017 **Undergraduate degree in Physics**, *Università degli studi di Trento*, Trento.  
Title of the thesis: *Generation and manipulation of entangled photon pairs in coupled resonators* - Final mark: 110/110  
2009–2014 **Scientific High School**, *Niccolò Copernico*, Verona.  
P.N.I - Final mark 82/100  
2006–2009 **Middle School**, Cerro Veronese.  
2001–2006 **Elementary School**, Cerro Veronese.

### Experience

2016–Present **Collaborator**, AISF.  
Collaborator of the Italian Association of Physics Students, I help the IT department to maintain and develop code of various sites. Furthermore I designed and developed a database and the backend of the project FERMI.

### Computer skills

Languages C, PYTHON, Julia, MATLAB, JAVA, HTML, PHP, MYSQL, JAVASCRIPT, ASSEMBLY,  $\text{\LaTeX}$   
Various Linux user, Windows, ECDL

### Languages

Italiano **Native**  
Inglese **Fluent**

### Activities

Sept 2017 **Workshop**, *ICTP*, Trieste, 11-15 September.  
Workshop on Quantum Science and Quantum Technologies  
Sept 2017 **Summer School**, *ICTP*, Trieste, 4-9 September.  
Advanced School on Quantum Science and Quantum Technologies

Via Salvetti 4 – Cerro Veronese, 37020  
 +39/3464130177 •  canterimarco@gmail.com  
 [github.com/kante95](https://github.com/kante95)

- August 2017 **Conference**, *IAPS*, Torino, 7-14 August.  
International Conference of Physics Students - Contributed with a talk and a poster
- March 2017 **Event**, *Università degli studi di Trento - Universität Innsbruck*, Trento - Innsbruck,  
1-3 March.  
Trento-Innsbruck Quantum Information Tour
- Sept 2016 **Course**, *Università degli studi di Trento*, Trento, 1-2 September.  
Course on Cryptography
- Sept 2016 **Workshop**, *Università degli studi di Trento*, Trento, 8-9 September.  
Short Gamma-Ray Bursts: From observation to numerical simulations
- August 2016 **Conference**, *IAPS*, Malta, 11-17 August.  
International Conference of Physics Students
